DANCE STUDIO SCHEDULE TEMPLATE FOR MAXIMUM PROFIT

Use the template on the following page to help you design your schedule for the upcoming season.

Print out one page for each room in your studio.

As you are creating your schedule consider the following questions:

- Is my scheduling making families have to come multiple days or wait several hours in order to take several dance styles?
- Do I have any limiting beliefs around certain days/times that families will come take class?
- Do I only use my space in the evenings?
- Are the customers paying me the least amount of money getting the most desirable class times?
- Am I prioritizing teachers' availability over my business' profitability?

Reflecting on these key points will help you determine how to make this season's schedule the most profitable one yet!
